

SEPT. 21-27, 2023
CHENGDU, CHINA

The XIV Congress of the International Association for Engineering Geology and the Environment

Theme
11

Preservation of Cultural Heritage and Engineering Geology

Cultural Heritages is the treasures of human civilization. Geology is an important carrier of cultural Heritage. There is a very close relationship between geological environment and conservation status of cultural Heritage. The 11th theme revolves around the key technical problems of preservation of cultural heritage and engineering geology, invites specialists to share the results of advanced research. This theme will provide practitioners with communication platform, and promote the development of discipline and industry technology.

Chairs

Atiye Tugrul

Istanbul University-Cerrahpasa

Jianxin Hua

China Ordnance Industry Survey and
Geotechnical Institute Co. Ltd

Session 01 Investigation, Design, and Monitoring of Cultural Heritage

Session 02 Material, Environment, and Digital Preservation of Cultural Heritage

Session 03 Engineering Geology in Preservation and Protection of Heritage Sites, Stone Resources, and Geo-heritage

Session 04

Session 05

Session 06

Session 07

Session 08

Session 09

Important Dates

Abstract for Oral Presentation and Poster Submission Deadline:
June. 30, 2023

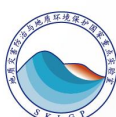

Abstract for Oral Presentation and Poster Notification Deadline:
July 10, 2023

Submission

Please send your abstract to EasyChair online submission system: <https://easychair.org/conferences/?conf=iaeg2022a>

Please read the guidelines for abstract submittal prior to submitting your abstract at: <https://www.iaeg2023.org/cfa.html>
